Skills

- Software programming
 - C++ 
 - Python 
- Hardware programming
 - VHDL 
- Web Programming
 - HTML , CSS 
 - Word press 
- Computer stuffs
 - ICDL 
- Game development
 - Construct3 
- Foreign Languages
 - English 
- Database Design
 - Postgresql 

Personal Information

Date of birth : 2005/1/18

Marital Status : Single

Summary

Sixth-semester Computer Engineering student with an excellent academic record and experience in game development. Skilled in contributing to both commercial and academic projects across software, hardware, and programming domains. Passionate about web development and software engineering, with strong problem-solving abilities, teamwork skills, and a proven capacity for rapid learning. Seeking professional opportunities to apply technical knowledge, gain hands-on experience, and further develop a career in software development.

Education

Bachelor of Computer Engineering
Major: Software Engineering

University: Bu-Ali Sina University
Location: Hamedan, Iran

Start Date: October 2023

Expected Graduation: Currently Enrolled

GPA: 17.36 / 20

Work experience

Game Development Trainee
Noavaran khalagh pendar Co. – Hamedan, Iran

Jul 2023 – Jun 2024
